

110 CFM 30 KW Diesel Compressor/Generator

**110 cfm @ 150 psi
30 kw Generator**

Basic Compressor Features

- Tier 4 certified diesel drive engine
- Heavy duty industrial rotary screw airend
- Industrial grade generator
- High strength reinforced steel frame
- Air after cooler for 15 degree approach temperature
- Engine vibration isolation mounts
- Fuel tank mounted
- Engine battery mounted and wired
- Spin on compressor oil filter
- Spin on compressor separator
- Vibration reduction compressor drive coupling
- Easy to operate compressor control panel

Options

- Industrial grade gasoline drive engine
- Industrial grade natural gas drive engine
- Enclosure
- High ambient cooling package
- Low ambient heating package
- Deep cycle marine grade battery

**Model Number
R110-30DIES**

Industrial Gold
