

40 CFM 20 KW Diesel Compressor/Generator

40 cfm @ 150 psi
20 kw Generator

Basic Compressor Features

- Tier 4 Certified Diesel Drive Engine
- Heavy duty industrial rotary screw airend
- Industrial Grade Generator
- High strength reinforced steel frame
- Air after cooler for 15 degree approach temperature
- Engine vibration isolation mounts
- Fuel tank mounted
- Engine battery mounted and wired
- Spin on compressor oil filter
- Spin on compressor separator
- Vibration reduction compressor drive coupling
- Easy to operate compressor control panel

Options

- Industrial Grade gasoline drive engine
- Industrial Grade natural gas drive engine
- Enclosure
- High ambient cooling package
- Low ambient heating package
- Deep Cycle marine grade battery

Model Number
R40-20DIES

Industrial Gold

Quality Air Compressor at a Great Price.
